Attending Sale

Pedigree Cattle, Bulls, Sheep and Ram Sales

BUYER REGISTRATION

All buyers must pre-register to attend our sales.

Once registered you will be emailed a bidding number. Please bring this number with you to the sale. The same number can be used for each sale you attend.

> Bid Online

Bid Online

To bid online you should follow this link and click on log in/register. Once adequate Know Your Customer checks have been completed, your registration will be finalised.

Auctioneers' conditions of sale

Terms of Sale – Cash. Interest chargeable from date of purchase at 8% over Royal Bank of Scotland base rate. Purchases shall be governed by and constructed in accordance with the law of Scotland and the non-exclusive jurisdiction of Glasgow Sheriff Court is prorogated to this contract.

Please note the following surcharges will apply on Business Card payments:

Business Debit Card 0.8%
Business Credit Card 1.8%

Terms and Conditions of Sale are as displayed on entry to auction ring and can be downloaded from www.uagroup.co.uk or are available in hardcopy from market office.

Phone Bids

All purchasers intending to bid by telephone must be pre-registered with payment terms approved.

No telephone bids from unregistered bidders will be taken on the day.

To register please email mowens-smith@uagroup.co.uk.

NO SMOKING

It is an offence to smoke in these premises. This includes the Sale Rings, Exhibition/Show Hall, Concourse and all Pennage Areas.

Anyone smoking will be asked to extinguish their smoking material immediately or leave.

Your help in maintaining a smoke free environment for the benefit of all is appreciated.

Keep Children Safe – Bull Sales

Every year children are killed during agricultural work activities.

People often believe that farm children understand farm risks, but most children who are injured in agricultural incidents are family members.

Auction Marts like farms are not playgrounds, Children though are naturally curious, and will often get into apparently inaccessible places

Remember that although parents have a particular responsibility to prevent their children straying or trespassing into areas where they may be at risk, all adults working in agriculture – employers, employees, contractors or other visiting workers – **MUST** take responsibility for the safety of children and young people.

To Reduce Risks, we should

- ☐ Prevent children and young people from playing in or around livestock areas. Animals do not need to attack to pose a danger to people
- ☐ Provide adult supervision when children come into contact with livestock
- ☐ Make sure everyone working in the livestock areas is aware that children may be present.
- ☐ Explain that you are authorised to stop work if any children are in the work area and to send them somewhere safe.
- ☐ Not allow children out of a vehicle until vehicle is in a safe area and the children can be supervised. Prohibit children from walking across the loading/unloading area and do not enter or allow children to enter the crush zone when reversing vehicle up to loading/unloading ramp. Customers must ensure they supervise their children at all times in loading/unloading area.

If in any doubt you should ensure children

Cannot enter any yard, pen, ring or area occupied by potentially dangerous animals or vehicles

**No children
allowed in
pennage
area**

UnitedAuctions

Scotland's Leading Livestock Auctioneers

**No children
allowed in
pennage
area**

CONDITIONS OF ENTRY

1. The Sale is conducted under the "General Conditions of Sale" which are exhibited in the Market and in accordance with the Regulations as approved by The Luining Cattle Society Limited.
2. Please note: Stock will be sold as they appear in the ring.
3. **All bulls will be subject to the upset price of 2,500gns.**
4. There will be no transfer fee for bulls or heifers bought at official Society Sales.
5. All Luining Cattle Society Sales are conducted under the National Beef Association terms and conditions of sale incorporating bull breeding and female breeding warranties. To cover the cost of the warranty service detailed on the following page, a charge of £10 + vat per animal will be split equally between purchaser and seller, applied by the Auctioneer at the point of sale.
6. Female due date is only a guide.

The sale will be conducted in Guineas.

HEALTH INFORMATION

Isle of Luining herd are;

Johnes 1 since 2012. BVD and IBR accredited.

Herd screened for Leptospirosis.

TB clear 2022 (4-year testing)

All stock entered into the sale have been BVD vaccinated with Bovela
and Blue tongue Vaccinated with Bultavo

Breeding Values and what the figures mean - according to Signet.

Beef Value

The goal of the Beef Value is to 'improve financial returns by improving carcass weight, fat and conformation in line with current commercial carcass pricing structure'.

E.g. a bull with a Beef Value of +20 B is expected to produce calves with £10 more value in terms of carcass weight, fat and conformation than calves sired by a bull with a Beef Value of 0 B.

Calving Value

The Calving Value is designed to be a terminal sire selection tool. It's objective is to 'improve financial returns, by reducing costs associated with difficult calving's and longer gestation length's.' It is calculated using the EBV's for Calving Ease (direct) and Gestation Length, both of which are highly correlated to Birth weight.

The higher the Calving Value the fewer difficulties that should be encountered at calving.

E.g. a bull with a Calving Value of +4 is expected to produce calves that save an average of £2 in calving and gestation length costs compared to calves sired by a bull with a calving value of 0 C.

Maternal Value

The Maternal Value is designed to predict the overall economic value of an animal's genetic ability to produce breeding females. In the female it predicts the overall value of an animal's maternal characteristics. It is calculated using EBV's for Maternal Calving Ease, 200-day milk, Age at first Calving, Longevity and Calving Interval.

E.g. a bull with a Maternal Value of +20 is expected to produce female replacements whose maternal characteristics are worth, on average, £10 more to the herd over their lifetime than females produced by sires with a Maternal Value of 0 V.

Maternal Production Value

The Maternal Production Value is designed to predict the economic value of an animal in terms of its genetic ability to produce quality females for breeding and beef carcase characteristics. It is calculated using the Calving Value, Beef Value, Maintenance Value (when available to the Luining breed) and Maternal Value.

E.g. a bull with a Production Value of +60 P is expected to produce offspring that, on average, are worth an additional £30 to the herd by merit of their maternal and terminal sire attributes than offspring of a bull with a Production Value of 0 P.

Myostatin Testing and Sire Verification

Myostatin.

The bulls forward for sale have all had their DNA taken and checked on the instruction of the Luining society. Any abnormalities for myostatin have reported in the footnotes of each bull.

Sire verification.

DNA from the bull for sale has been compared with DNA taken from his sire to ensure that the sire mentioned in the pedigree is correct.

Example of one of the table attached to the bulls.

Beef Value, Calving Value, Maternal Value and Maternal Production figures.

Beef Value +10 (70)	Calving Value -2 (54)		Mat. Value +2 (34)		Mat. Production -6 (44)	
Scrotal Cir.(cm's) 40.5	Bulls Weight 700 Kg		Cow Classification		Calving int. 352 Days	
Height (inches) 54.5	Feet 10	Udder 10	Temp 10	Age at First Calving 24 mths	Cow Kg	
Bulls Frame Score 6.2	Locomotion 10		Teats 10	Condition Score 10		777 Kg

The Following figures were all gained on the 30/09/2025 by the Luining Society Fieldsman Charles Symons.

Scrotal Circumference – Measurement around the widest circumference of the bulls testicles.
(Minimum for an approved Luining bulls is 38cm)

Height (inches) – Taken from the shoulder.

Bulls Weight (Kg) – Taken on day of inspection.

Frame Score – Using the height and age of the bull and applying the formula created by the Uniform Beef Improvement Program.

The following data was gain from the fieldsman's observation of the bull's mothers. And Scored 6-10 with anything less than 6 deemed a fail.

The Feet shape, Udder Condition, Teat size and positioning, Her Locomotion, Her Body Condition Score, Temperament and Skeletal Score. She was also weighed on this day.

The age in Months when the cow had her first calf and her yearly calving interval.

All heifers were weighed on the 26/9/25

Rising two year old in-Calf Heifers (D)

Crystalx UK

Rising two year old bulls

LOT 76 LUING DJ

UK 541236210367
 DOB 28-3-24
 Hetrozygous Polled
 No Myostatin Variants

Luing Admiral	Luing Tain
	Luing Ardlarach V07
Luing Achafolla B35	Dirnanean Welcome
	Luing Achafolla T00

Beef Value 21 (70%)	Calving Value 3 (56%)	Mat. Value 20 (37%)	Mat. Production 25 (44%)
Scrotal Cir.(cm's) 35cm	Bulls Weight 602KG		Calving int. 357
Height (inches) 51	Feet 8	Udder 10	Temp 9
Bulls Frame Score 5.5	Locomotion 8	Teats 9	Age at First Calving 2
			Condition Score 7
			Cow Kg 598

Luing DJ is the first calf produced by Achafolla B35. Both B35 and her Dam T00 are a slightly larger frame to our general herd population but both are exceptionally quiet. Both DJ's Sire and Grandsire feature heavily within our own genetic population. His Grandsire Tain moved over to the Wooplaw Herd back in 2020. DJ is very laid back and very easy handled

LOT 77 LUIING DIEGO

UK 541236 110457

DOB 3-3-24

Hetrozygous Polled

No Myostatin Variants

Luing X-Am	Lochbroom Talisker
	Luing Ardluing P40
Luing Bardrishaig S12	Luing Liberty
	Luing Bardrishaig L15

Beef Value 8 (73%)	Calving Value 1 (60%)	Mat. Value -3 (43%)	Mat. Production -2 (49%)
Scrotal Cir.(cm's) 36	Bulls Weight 610kg	Skeletal Size 7	Calving int. 362
Height (inches) 50	Feet 9	Udder 8	Temp 9
Bulls Frame Score 5	Locomotion 9	Teats 10	Age at First Calving 2
			Condition Score 8
			Cow Kg 646

Diego is out of our very prolific Bardrishaig S12, she is 11.5 years old and having had her first calf at 2 years old she has so far produced 12 calves. S12 and her retained daughters consistently wean calves at over 50% of their own body weight

Please note Diego has a smattering of colour on his nose

LOT 78 LUING Derek

UK 541236 710379

DOB 25-2-24

No Myostatin Variants

Luing Yogi	Luing Vesuivius
	Luing Ardlarach V85
Luing Leccamore X54	Luing Supreme
	Luing Leccamore L29

Beef Value 15 (73%)	Calving Value 4 (60%)	Mat. Value 23 (42%)	Mat. Production 26 (49%)		
Scrotal Cir.(cm's) 36.5cm	Bulls Weight 594Kg		Skeletal Size 7	Calving int. 362	
Height (inches) 49.5	Feet 9	Udder 9	Temp 9	Age at First Calving 2	Cow Kg 560
Bulls Frame Score 5	Locomotion 9	Teats 9	Condition Score 7		

Luing Derek is by our very functional, small framed, correct cow Leccamore X54, calving ease and maternal figures enhanced by the presence of both Vesuivius and Supreme within the pedigree. Dereks GrandDam V85 sired Both Luing Yogi (Dereks sire) and Luing Zane. Yogi was retained as a stock bull here on Luing and Zane went over to Scotsburn in 2021

LOT 79 LUING Django

UK 541236 410460
DOB 6-3-24
No Myostatin Variants

Luing X-AM	Lochbroom Talisker
	Luing Ardluing P40
Luing Bardrishaig W84	Luing Scar
	Luing Bardrishaig M94

Beef Value 20 (73%)	Calving Value 1 (60%)		Mat. Value 2 (42%)		Mat. Production 5 (48%)
Scrotal Cir.(cm's) 36	Bulls Weight 634kg		Skeletal Size 9		Calving int. 366
Height (inches) 51.5	Feet 8	Udder 10	Temp 9	Age at First Calving 2	Cow Kg 672
Bulls Frame Score 6	Locomotion 9		Teats 9	Condition Score 9	

Django is out of a larger framed cow Bardrishaig W84, she is a consistent over achiever with nearly all calves she has produced thus far being reared to over 55% of her body weight by weaning. She is the most highly strung of all the bull Dam mothers this year but Django remains chilled and easy handled

D & J CAMPBELL LTD

Operating for over 75 years within the agricultural industry and with three generations worth of knowledge and experience, we pride ourselves in being able to provide a reliable and efficient service within the haulage industry

This includes:

- ✓ Transportation of livestock
- ✓ Suppliers of hay, straw, lime and firewood
- ✓ General haulage - low loader transport
- ✓ Refridgerated transport
- ✓ Hiab hire
